In FY 2016, the Foundation made 320 grants totaling $31.4M through the Regular and Small Grant Programs (RGP and SGP). Of these, 77% were Unrestricted Operating Support grants primarily supporting efforts to strengthen grantee infrastructure for fund development and diversification, board and staff development, and service delivery and expansion. In addition to our responsive grantmaking, the Foundation made 9 Foundation Initiatives grants totaling $3.8M.

4 of 5 of our RGP and SGP grantees are small and mid-sized nonprofits with annual budgets under $5M.

10% of total grants were awarded to first-time grantees, continuing the Foundation’s commitment to remaining accessible to organizations without a prior grant relationship.

Our mission is to build a better Southern California by supporting nonprofit organizations to more effectively serve the underserved.
